Slow down after this roundabout, road rising slightly and before the flyover turn right onto slip road signposted “Pellegrue, Langon, La Reole”. It is easy to miss this right turn, if you go over the flyover you have gone to far.

At St Andre et Appelles, turn right onto the D130 to Eynesse

Follow the road straight to Eynesse

Arriving at Eynesse you'll see a bar and little shop in front of you. Drive across the square and take the exit next to the little shop.

Continue on this road for about 2 km.

You'll drive past some large greenhouses and as you get close to the house you'll start to see the river on the right.

200m before the house you pass over a small bridge over a stream and come to a fork in the road with a layby on the left. There are a number of signposts at the fork – the largest pointing right is for Pessac Sur Dordogne.

La Graule is directly in front of you. Take the left hand fork and turn right immediately into La Graule.
